Review of the Survey Research Unit

I have sent the enclosed memo to John Hall. I hope you feel that it accurately reflects our telephone conversation and that you will let me know as soon as possible if you do not.

MEMORANDUM

From: Richard Skues (Chair, NATFHE L.H.)

Date: 26/11/87

To: John Hall

Copy: The Director
Stuart Archbold

Review of the Survey Research Unit

I have spoken to the Director about his proposed Review of the Survey Research Unit and I expressed to him NATFHE's reservations about the Review with respect to its intentions and terms of reference. The Director made it quite clear that the Review is solely of the Survey Research Unit and is in no way an enquiry into your work within the Polytechnic outside the Unit. Any Review recommendations concerning you directly which the Director might want to implement would only affect you in your capacity as Director of the Survey Research Unit. He also stressed that his decision to instigate a Review of the Unit was made after your interview with Mr Jinkinson and Ms Urwin but not as a result of it.

I hope that this reassures you on a number of points and that the members of the Review will agree to meet you at the earliest opportunity so that you can give them the benefit of your knowledge and experience in relation to the Unit.

WAS
